

SOUTH TO HAVE SMALL VOICE IN NEXT CONVENTION

Representation is Reduced From Thirty-three to Sixteen Percent by the National Republican Committee.

WASHINGTON, Dec. 18.—The republican national committee Wednesday night concluded its labor for reform in party procedure, and launched its campaign for a reunion of warring elements by adopting a resolution providing for a radical change in the basis of representation in national nominating conventions which would reduce the quota of southern states from 33 to 16 per cent of the convention's total.

The action of the committee, criticized in vigorous terms by several of its members, but made unanimous before adjournment, must be indorsed by states entitled to cast a majority of votes in the electoral college before it becomes party law. In order that such action shall be taken as promptly as possible, the committee appointed a sub-committee of three, consisting of Charles B. Warren of Michigan, Sen. Borah of Idaho, and Hamilton of West Virginia, to prepare an address to the states urging immediate ratification of the proposal.

Expect Early Action.
This address will be drawn up shortly after the Christmas holidays, and leading members of the committee expressed the hope Wednesday night that it would be met by early action. Approval by the states will insure a call for the national convention for the national convention of 1916 along the lines laid down Wednesday.

The reorganization plan adopted came as a compromise which reflected the views of many committee men that southern representation should be reduced but not brought to the vanishing point. It reads as follows: "Confident that the action of this committee, representing as it does practically the unanimous sentiment of the republican electors of the states, will be ratified by the republican electors of the states."

Be it resolved:
That this committee shall issue a call for the national convention to be held in the year 1916 to nominate candidates for president and vice president in accordance with the following basis of representation:
"Each state shall be entitled in such convention to four delegates at large; one delegate at large for each representative in congress at large from any state; one delegate from each congressional district; an additional delegate from each congressional district in which the vote either for republican presidential electors in 1908 or for the republican candidate for congress in 1904 shall have been not less than 7,500 and that for each delegate chosen, an alternate shall be chosen in the same manner and at the same time to act in the absence of the delegates."

Must Ratify Move.
"Provided, however, that above basis of representation shall not be made the basis of the call for the national convention to be held in the year 1916 unless prior to Jan. 1, 1915, republican state conventions held under the laws of the states or called by the republican state committees of the states in such number of states as are entitled to cast a majority of the votes of the electoral college, shall ratify the action of this committee in respect to determining this basis of representation."

The vote on the resolution was as follows:
Aye—Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Idaho, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, Washington, West Virginia, Wisconsin.
Nay—Alabama, Georgia, Mississippi, Nebraska, South Dakota, Texas, Virginia.
According to figures submitted by the sub-committee the new plan would reduce the total number of delegates from 1,083 as in 1912, to 993. Under this states would lose delegates: Alabama, 9; Arkansas, 3; Florida, 4; Georgia, 10; Illinois, 2; Kentucky, 1; Louisiana, 7; Mississippi, 3; New York, 4; North Carolina, 3; Pennsylvania, 1; South Carolina, 7; Tennessee, 3; Texas, 15; Virginia, 9; and Hawaii, 4.

Would Have 164 Delegates.
The southern states would have 164 delegates in all. The District of Columbia and Alaska would have two delegates each by separate action, and the Philippines, Porto Rico and Hawaii were also given two each without the right to vote.

Mr. Howell of Nebraska led the fight against the resolution. He said republican voters would not be satisfied with a reduction of the sort proposed, and pointed out the comparative strength of the delegation from the northern and southern states under it, giving also the percentage of votes cast in these states to show the republican weakness below Mason and Dixon's line, and strength above it. He proposed as a substitute one of the plans submitted by the republican national committee which provided for four delegates at large from each state and one delegate in addition for each 10,000 votes or major fraction thereof cast for the republican candidate for presidential electors in 1908.

This plan would reduce southern representation to 119 delegates. Mr. Howell was opposed by Senator Borah, former Gov. Hadley holding the Louisiana proxy, Committeeman Remmel of Arkansas, and McGregor of Texas and H. L. Johnson, a District of Columbia negro who held a proxy from the state of Georgia. On a vote Mr. Howell's motion to substitute the congressional committee's plan was beaten 40 to 5; Nebraska, North Dakota, Pennsylvania, South Dakota and Wisconsin voting in the affirmative. The committee adjourned with no set plan for future meetings and probably will not convene again until 1916.

BEAUTY PRIZE WON CHANCE ON STAGE

MISS EDITH RUEBEKAM.
When Traverse City, Mich., held its famed beauty show all Michigan girls were invited to "get in the ring," and hosts of pretty faces competed. Edith Ruebekam, the village belle of Owosso, landed the honor.

With the prize went an invitation to enter the theatrical profession. That's how it happens that Miss Ruebekam is playing the role of Constance in "The Gypsy Rover."

NEW SAFETY BOARD MEN SEE NEW COPPER NAMED

With Mayor-elect Fred W. Keller and Burr F. Augustus, John A. Hibberd and Clement Smogor, his announced board of public safety, as guests, the board of safety held its regular weekly meeting Thursday morning and elected a new patrolman.

Andrew Jackson Gollup, 27 years old, six feet, two and a half inches tall, and weighing 186 pounds, plus his democratic views, was the point of view. He will begin duty the first of the year, taking the place made vacant by the resignation of Patrolman Claude Wilson.

At the meeting the old board took the new one on a tour of inspection of the police department, city jail, and municipal lodging house, which are to come under the jurisdiction of the new board after Jan. 5.

LANDLORD GETS RENT FOR ONE MONTH ONLY

T. F. Berkley Awarded Amount Originally Tendered and Must Pay Costs.

Judgment for \$40 was awarded to Thomas F. Berkley in the suit against Thomas Moss by a jury in superior court Thursday. His amount was awarded on instruction of the court. The evidence showed that Moss tendered Berkley this amount as payment for one month's rent before the suit was filed but that Berkley refused it after carrying the check for six weeks. Since the judgment was less than \$50, the costs will be taxed to the plaintiff. Berkley asked judgment for \$120, which he claimed was due him for rent from Moss who occupied his house on S. William st. Moss claimed he moved out three months before the lease expired but that Berkley first agreed to accept the \$40 in full payment through the later refusal. Berkley denied he made such an agreement.

AMERICANS SAFE.
WASHINGTON, Dec. 17.—Reassurance as to the safety of Americans in Chihuahua conveyed Wednesday by Consul Letcher immediately upon the reaching of telegraphic communications between that city and El Paso came as a relief to the administration here.

Washington officials had been of the opinion that the stores emanating from refugees and federal partisans to the effect that Americans and other foreigners in Chihuahua were being subjected to gross mistreatment by the constitutionalists were without foundation, but in the absence of any official information on the subject, it had been impossible to convey definite assurance to the many anxious inquirers alarmed for the safety of their relatives and friends.

Americans and the whole foreign colony at Tampico are now enjoying a period of quiet after the exciting events of the past week, but their peace of mind is marred by the news that 4,000 constitutionalists are encamped within twenty miles of the town and may renew their attack upon the federal defenses as soon as they can replenish their stores of munition. There is likely to be little change in the disposition of the vessels of the American fleet near Tampico for the present.

PROTECTED FOREIGNERS.
HERMOSILLA, Sonora, Mexico, Dec. 18.—Gen. Francisco Villa in a long report received here Wednesday by Gen. Carranza, denied that any foreigners were molested in Chihuahua. A city with the exception of the Sunbirds, who were expelled. Villa suggested to the supreme leader of the revolutionists that the Chihuahua state capital be made his national provisional capital.

"The foreign consuls asked for guarantees for their countrymen and these were given in full to all except Spanish," said Villa in his report.

"These, as you know, almost entirely have taken an undue part in the internal struggle of our country, and have put themselves always against the cause of the people, of whom we are the defenders."

WANT NAMES OF LOCAL TRAVELING SALESMEN
The committee preparing for the "get together" dinner of the manufacturers and jobbers' bureau of the Chamber of Commerce at the Oliver Dec. 29, is experiencing considerable difficulty in obtaining the names of the traveling salesmen who live in this city but represent outside firms. They are making every effort to get the names of all of these salesmen who will be invited to the dinner as guests of the local manufacturers and jobbers.
